A. DAS

25X1 (1) C/DAS and C/TG/DAS will TDY [] June 22-25. The
purpose of this visit is to evaluate the data processing
environment for seven separate albeit related ADP issues/goals.

25X1

25X1 (2) Eleven holes were drilled through the floor of the
[] 4 June. These will provide access of first floor Wang
equipment to their CPUs. Elaborate precautions were taken to
protect existing equipment from cement dust; the drilling was
accomplished without any adverse incidents.

25X1

25X1 (3) [] was selected as the Data Base
Administrator for Supply Division. She will be assisted by

25X1

25X1 (4) The Wang Systems Coordinator, [], was
given an OL Employee of the Quarter award, 5 June 1986.

25X1

(5) [] MISG/OIT, provided viewpoints on forth-
coming changes in OIT support to C/IMSS and C/DAS on 4 June 1986.
The GIMS DBMS should completely disappear about 1994; out-
buildings will continue to use Delta Data terminals for some
time to come; ~~if OL should move~~ ^{when} to the new building in '87, ~~it~~ ^{they} they
would need to take Delta Datas for its GIMS applications and buy
new terminals (both "smart" and "dumb") for other, newer ADP
applications; no new mainframe terminal ports will become
available until the new building facility is operational;
qualified computer personnel will be in short supply for the
foreseeable future.
